## The Red Cross In Our Community

### *Disaster Relief and Community Disaster Education*

When a disaster threatens or strikes, the Red Cross is there. This year we responded to 13 local disasters, including 9 residential fires. We helped affected individuals and families with emergency food, shelter and supplies.

Because being prepared can make your family and community safer and sometimes minimize injury and destruction, we made 32 disaster education presentations in the community with 1,118 people in attendance.

### *Health and Safety Services*

From first aid, CPR and AED training to swimming and lifeguarding, American Red Cross programs help people lead safer and healthier lives. This year, 1,758 individuals learned lifesaving skills through 99 classes offered by the chapter.

### *International Services*

The international tracing program helps local families find relatives with whom they have lost contact because of a natural disaster, war or internal conflict. We helped reconnect xxx families with loved ones in foreign lands.

### *Armed Forces Emergency Services*

The American Red Cross provides communication between those in the Armed Forces and their families. We have a worldwide network that reaches service members wherever they are to communicate a birth, death or illness. This year we provided emergency connections for 91 military families.

### *Blood Services*

Every two seconds, someone in the United States needs blood. Thanks to generous blood donors, the Red Cross collects and distributes nearly half the nation's blood supply. Over the last year, we helped run 74 blood drives, collecting 2919 units of blood.

### *Community Services*

There are 32 Gray Ladies who volunteer at the Henry County Hospital assisting with directions, transportation and gift shop purchases. We also provided blood pressure checks at the Henry County Fair. Captain Red appears at health fairs and community events educating our youth.

### *A Note About Volunteers*

We depend on volunteers of all ages and backgrounds to carry on our work. Volunteers constitute 97 percent of our total workforce, serving as members of the board, instructors teaching lifesaving skills, disaster action team members, office administrators, event organizers and more.

This year, more than 400 volunteers made the work of the chapter possible, contributing 3948 hours, for a contribution estimated at \$43,428.00.
